

Drive for You

Seminar at MINES ParisTech

The Chair *Drive for You* is pleased to invite you to a seminar on conflict resolution for automated cars. We have the honor to receive Alessandro Colombo and Gabriel Rodrigues De Campos from the Polytecnico di Milano (Italy).

This seminar is public and free of charge.

Monday, 1st June 2015 - 14:00 to 16:30

Introduction of the seminar by Prof. **Arnaud de La Fortelle**

Xiangjun Qian (MINES ParisTech) presentation on "*Priority-based coordination of automated cars at intersection*"

Prof. Alessandro Colombo presentation on "*Collision avoidance of human-driven vehicles: complexity, optimality, robustness*"

home.deib.polimi.it/acolombo

Dr. Gabriel Rodrigues De Campos presentation on "*Autonomous and semi-autonomous conflict resolution techniques at traffic intersections*"

Venue

MINES ParisTech – room V334
60, Boulevard Saint-Michel
75006 Paris
Luxembourg station on RER B

Drive for You is the International Chair MINES ParisTech, Peugeot-Citroën, Safran, Valeo on automated driving of ground vehicles.

The chair unites researchers from MINES ParisTech's Centre for Robotics with teams from international partner institutions — Shanghai Jiao Tong University in China, the University of California, Berkeley in the United States and Ecole Polytechnique Fédérale de Lausanne in Switzerland.
